EXPERIENCE

CTO, Frontend Developer | Nearpays Technologies | Nigeria, Ghana

March 2023 - Present

- Developed responsive, cross-browser compatible, and highly performant web applications using NextJS, and Tailwinds CSS
- Spearheaded technology strategy and execution, aligning technology initiatives with the company's growth objectives.
- Improved development processes by implementing CI/CD pipelines, reducing release cycles by 39%
- Led a cross-functional team of developers, engineers, and designers to deliver high-impact projects on time and within budget.
- Oversaw the architectural design of software systems, ensuring scalability, security, and performance.

- Evaluated and implemented cutting-edge technologies, resulting in improved efficiency and competitive advantage.
- Led bi-weekly stand-up to ensure team worked effectively, using coaching strategies to increase efficiency by 10%.
- Worked with version control systems and Source Code management tools (e.g. GIT) to keep track of code.

Freelance Frontend Developer | Precision Info Tech Limited | Nigeria

September 2021 – present

- Delivered 15+ projects of all sizes, creating solutions for consumer services.
- Developed and implemented React components using React Router to enhance navigation UX.
- Developed server-side applications using NestJS that reduced response time by 44%.

Frontend Developer, Azure DevOps Engineer | Your Rider Limited | Abuja Nigeria

February 2020 - Present

- Collaborated with cross-functional teams to develop and maintain web applications, ensuring optimal user experience and functionality.
- Developed and maintained cross-platform mobile applications using react native, ensuring compatibility with both iOS and Android devices.
- Implemented complex features and functionalities using JavaScript and React native libraries.
- Optimized app performance, load times, and responsiveness, resulting in improved user satisfaction and retention.
- Integrated third-party APIs and services for additional functionalities, such as geolocation, push notifications, and authentication.
- Leveraged Azure services to optimize and streamline backend processes, ensuring efficient and scalable cloud-based solutions.
- Collaborated in the troubleshooting and debugging of frontend and Azure-related issues, implementing efficient and effective solutions to meet project requirements.
- Stayed abreast of industry trends and emerging technologies, incorporating new tools and techniques, including Azure services, to enhance development processes.

Frontend Developer, IT Specialist | Teleconnect Outsource Limited | Abuja Nigeria

September 2021 – December 2023

- Employed frameworks such as NextJS to build interactive and dynamic user interfaces, enhancing user engagement and satisfaction.

- Developed and executed frontend development strategies, resulting in 30% increase in website performance by implementing optimized technologies such as code minification and troubleshooting issues using browser developer tools.
- Collaborated closely with UX/UI designers to create visually appealing and user-friendly frontend interfaces.
-
